Add Your KCCU Cards to Your Mobile Wallet

Adding your KCCU debit and credit cards to your mobile wallet is the safest way to make purchases with your cards. Mobile wallets offer better security than swiping your physical debit or credit cards or storing your cards in individual apps.

Every mobile wallet transaction you make is encrypted, and your actual card and account numbers are never shared with the merchant. Instead, mobile wallets use a Device Account Number (DAN) in place of actual account or card numbers. If a thief accesses the DAN, it will be completely useless.

Mobile wallets also add an extra layer of protection because you need to provide a personal identification format, such as a PIN, fingerprint or face recognition to access them

Your KCCU debit and credit cards are compatible with Apple Pay®, Google Pay™ and Samsung Pay®. Add them today for the most secure shopping experience.

Shift Your Savings Into High Gear This Spring

The winter chill is finally fading, and it's time to think about the road ahead. Whether you're eyeing a brand-new or new-to-you vehicle, or looking to lower the monthly payment on your current one from another lender, KCCU has the deal you've been waiting for.

With rates as low as 3.99% APR and no payments for 90 days, we can help you keep your payments low and your sense of adventure high.
